Regional Area Manager, Terry Gossman, said this about Browning's appointment and integration in to the Grand Junction operation, "Jeff's past track record led to success and growth for the companies that he was associated with and it's our hope that he'll be able to duplicate that success here at Sid Harvey's. I am confident that our customers will benefit from Jeff's focus on increased attention to service and support."

Browning attended the Arizona Western Jr. College at Yuma, AZ and holds HVAC technical certificates in Electrical Wiring, Technical Drawing Interpretation, HVAC Systems, HVAC Theory and Physics.
