

# QUICK-CHANGE MAGNETIC NUT DRIVERS

Average customer product rating:

## AVAILABLE SIZES:

1/4" & 5/16"

The nut driver has officially advanced. And it's done it through its simplicity. Our Quick-Change Magnetic Nut Driver is two tools in one, allowing you to switch from 1/4" to 5/16" with ease. And, after you have your size selected, it gives you quite a few other on-the-job advantages – like a magnetic tip for a secure hold and deep shaft for long bolts. It even offers a color-coded insert for quick identification, a slip-resistant grip for more torque and a chrome-vanadium steel construction for extra

resistant grip for more torque and a chrome-vanadium steel construction for extra durability.

## Features & Benefits

### x2 Added Versatility

Quickly switch between ¼" and 5/16", the two most common sizes.

### Secure Hold

A magnetic tip on both ends keeps fasteners firmly in place.

### Quick Identification

A color-coded insert on the bands and bottom makes size identification simple.

### Big Bolt Capable

A hollowed shaft allows for use on long bolts.
