

FREE

FLO

FUEL OIL DE-ICER

FREE FLO

Goes Rapidly to Bottom
of Tank
To Dissolve Ice

- Will not mix with oil
- It restores the flow of oil from tanks & oil trucks
- Works quickly and efficiently

Fuel Oil Trucks: If pump is frozen on a loaded truck, pour 1 gallon of **FREE FLO** in tank. **FREE FLO** will go directly to bottom of tank to dissolve ice, putting truck back into service quickly.

Fuel Oil Tanks: Use 1 pint of **FREE FLO** for each 100 gallons of fuel. For best results, when ice is dissolved, disconnect feed line at burner, let out water until oil begins flowing.

CAUTION: For fuel oil tanks only. Not to be used in an internal combustion engine.

Item#	
25-5010	12-1 qt. containers
25-5020	4-1 gal. containers
