

SPRAY NINE®
BRAND

GREZ-OFF®

The #1 Rated Heavy-Duty Degreaser

"(GreZ-Off)...left the wrench handles gleaming after light brushing and a rinse...aerosol products (solvent-based competitors) failed to live up to their promises. Spraying them on, letting them soak in, and rinsing as directed had almost no effect on our grime. Even after re-applying, brushing and rinsing, they left an oily coating behind."

— Powerboat Reports (Excerpt from unaffiliated product trial)

2 Times "Best Performer"

With Top Marks For...

- Effectiveness
- Safety
- Environmental Impact

Ready-To-Use Formula Is... Gentler To The User

Non-Flammable • Non-Combustible • No Acids
No Fumes or Unpleasant Odors

Made With The Environment In Mind

Biodegradable • Aqueous-Based
VOC Compliant in all 50 States • No Petroleum Solvents

Versatile

The ideal degreaser for heavy grease and fine dirt on:

Engines	Shop Machinery
Tools	Concrete Floors
Mowers	Gas Grills
Oven Range Hoods	Garden & Farm Equipment
Condenser Coils	and more!

Easy To Apply

Available in 32 oz trigger bottle (with adjustable nozzle capable of a tight, compact stream for narrow areas) or gallon sizes for large scale application. Non-aerosol package minimizes waste (aerosol propellant can run out before product is depleted) and eliminates flammability issues.

GREZ-OFF® Heavy Duty Degreaser

TECHNICAL INFORMATION

PRODUCT SPECIFICATIONS

Chemical Description: An aqueous based composition of alkaline salts, powerful grease emulsifiers and a water soluble grease cutting solvent, plus a pleasant citrus fragrance.

Appearance.....transparent, orange
Solubility in Water..... complete
% Total Solids.....7.2%
Physical Characteristic.....liquid
Specific Gravity..... 1.013 g/mL
pH..... 12.4

Greze-Off is readily biodegradable according to OECD 301-C Modified MITI Test (I). Greze-Off is authorized by USDA for use in federally inspected meat and poultry plants.

DIRECTIONS

****NOTE**** Some surfaces such as aluminum alloys, plastic or painted surfaces are inherently sensitive to alkaline cleaners. Do not use on motorcycles or glass. Spot test on ALL surfaces before use. Do not inhale mist. Use with adequate ventilation. The use of safety glasses and protective gloves is recommended. These directions must be followed or damage may result.

1. Before degreasing, be sure that all surfaces are cool to the touch. Do not apply in direct sunlight or if air temperature is above 100°F.
2. Spray Greze-Off full strength onto the cool pretested surface to be degreased.
3. Allow Greze-Off to penetrate the soil. NEVER allow Greze-Off to dry on any surface. Stubborn soils may require brushing or a second application.
4. Immediately rinse with water until no sudsing is noticeable.

CAUTIONARY INFORMATION

CAUTION: Contains alkaline salts. Avoid contact with eyes, skin and clothing. In case of eye contact, flush immediately with water for 15 minutes. Contact physician. In case of skin contact, flush with water for 15 minutes. Contact physician if irritation persists. Remove contaminated clothing. Wash clothing before reuse. **KEEP OUT OF REACH OF CHILDREN.**

For complete cautionary information, please refer to Material Safety Data Sheet (MSDS) at www.spraynine.com.
