

INSTALLATION ACCESSORIES

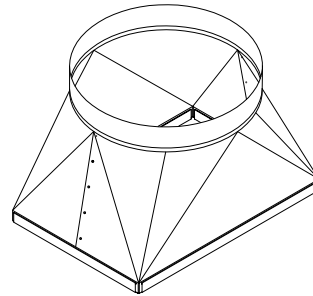

301 PLENUM - GALVANIZED STEEL

- ✚ Internal Insulations Available: ½" x 2# Density Liner
1" x 1.5# Density Liner
2" x 1.5# Density Liner
- ✚ Plenums are available in 28 gauge thru 22 gauge.
- ✚ Button punch snaplock seam construction (4 sides) and recessed end cap standard.
- ✚ Plenums are shipped knocked-down (5 pieces) and strapped.

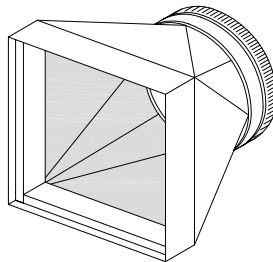

480 RECTANGLE TO ROUND TRANSITION

- ✚ Galvanized Steel
- ✚ Available with crimp and bead collar for flexible duct attachment.
- ✚ Transitions to 12" diameter and smaller fabricated from 28 gauge galvanized steel.
- ✚ Transitions to 14" diameter and larger fabricated from 26 gauge galvanized steel.
- ✚ Center-line taper is standard for Transitions. If "flat on one side" style taper is required, note the side to be flat as the first size given. For example, order size 20" x 16" - 12" rd. F.O.B. and the Transition will be flat on the 20" side.

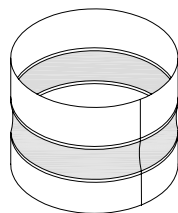

1480 RECTANGLE TO ROUND TRANSITION

- ✚ Galvanized steel
- ✚ Internally insulated with duct liner, R-4.2
- ✚ Transitions to 12" diameter and smaller fabricated from 28 gauge galvanized steel.
- ✚ Transitions to 14" diameter and larger fabricated from 26 gauge galvanized steel.
- ✚ Collar crimped and beaded for flexible duct connection.
- ✚ 4" straight-away on rectangular end.
- ✚ Galvanized steel sleeve inside - required by code.

1480-FL RECTANGLE TO ROUND TRANSITION

- ✚ Galvanized steel
- ✚ Internally insulated with duct liner, R-6.0
- ✚ Transitions to 12" diameter and smaller fabricated from 28 gauge galvanized steel.
- ✚ Transitions to 14" diameter and larger fabricated from 26 gauge galvanized steel.
- ✚ Collar crimped and beaded for flexible duct connection.
- ✚ 4" straight-away on rectangular end.
- ✚ Galvanized steel sleeve inside - required by code.

412-R FLEX CONNECTOR FOR ROUND END OF 480, 1480 AND 1480-FL
