

INTRODUCING

# Green Select by Nu-Calgon

All Natural Environmentally Friendly Products

4191-08

4190-08

We are proud to have developed our Green Select products with all natural ingredients derived from vegetable esters and other eco-friendly resources. All of our Green Select products have been tested extensively to ensure the highest level of performance while utilizing “green” ingredients. In addition, the products are biodegradable and will not harm plants, animals, or aquatic life.

We believe in using only natural and renewable resources in our Green Select products. More importantly, the ingredients are on the EPA’s Designed for the Environment list of acceptable “green” ingredients. To learn more regarding Green Select products please visit us at:

# The *First* "Green" Coil Cleaners

4190-08

## Cal-Green

Clean the condenser unit with an all natural environmentally friendly coil cleaner. This non-foaming, non-toxic cleaner is outstanding for removing dirt and grime which hinders heat transfer. By cleaning the fins with Cal-Green you restore the units efficiency while being environmentally responsible.

4191-08

## Evap-Green

Evap-Green's outstanding cleaning ability will quickly remove dust, dirt, and debris that is typically found on evaporator coils. By using Evap-Green, an all natural cleaner, the coil is being cleaned with the most environmentally friendly product available on the market.

Printed on 100% recycled paper.
