

Flexible Bend-to-Fit

Defrost Heaters

For evaporator coils and condensate drain pans in commercial refrigeration.

Bend and shape easily with hands at jobsite. Quickly replace almost any defrost heater. Measure length of original and order a similar length.

8 models do it all

Part #	Watts	Volts	Amps	Sheath Length	Heated Length
2045	300	120	2.5	45"	31"
2068	450	120	3.8	68"	54"
2091	675	240	2.9	91"	77"
2105	850	240	3.6	105"	91"
2118	1000	240	4.1	118"	104"
2150	1350	240	5.7	150"	136"
2188	1250	240	5.2	188"	174"
2216	1500	240	6.2	216"	202"

- Heaters constructed of .250 diameter incoloy
- Heaters can be linked together to create additional length.
(See instructions for details.)
