

## Slide-Driver

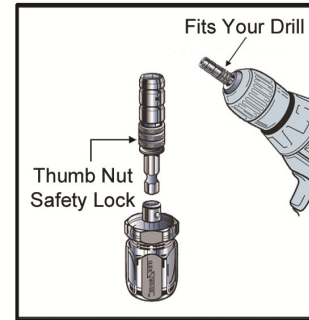

Have the right driver every time! Slide from 1/4" to 5/16" and back again without stopping to change bits!

### The "Bit Driver" Model

- Thumb nut safety lock– keeps it firmly in place
- Magnet holds screw securely at both sizes
- Easily fits in your pocket
- Made of hardened steel

### Hand-Held Models

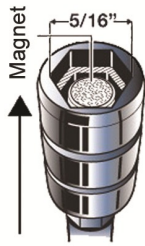

- Magnet holds screw securely
- Use as a bit driver
- Magnet and socket move in unison so magnet has 100% power at both sizes
- Available in 3 lengths: 3"/7"/10"
- Made of hardened steel
