

TRANSFORMERS AND IGNITORS

Your SureFire Ignition Source

*Engineered solutions for
power and the environment*

Dongan is pleased to bring over 100 years of transformer design experience to our newest ignition transformer series - the SSI Series Solid State Ignitors. Combining the latest in high tech electronics with good old fashioned workmanship, the SSI Series provides cool operating temperatures, a hot 14kV arc and long life dependability for your fuel oil ignition needs.

From our first UL & CUL Certified ignition transformers in 1922, from the LJH - 90 Multiformer®, to the SSI Series Solid State Ignitors - Dongan is your full spectrum source for oil and gas ignition applications.

Dongan also offers ignition transformers for high ambient and humid environments. Typically these are encapsulated and are designated with an X suffix. We also offer CE approved ignition transformers for the EU.

Universal Replacement Systems - Tester

Dongan Universal Replacements are available for every service need - Electronic, Electronic Replacement Kits, OEM-Iron Core, and LJH-90A® & LJH-90C® Multiformer. They are engineered to fit the most common applications with base plates and replacement terminals on most of the popular OEMs. Many competitors base plates may be attached as well.

Electronic Replacement Kit

XD-UR200 Universal OEM Iron Core

SSI-UR200 Universal Electronic ignitor

LJH-90A Universal Iron Core

1909-82 Iron Core Transformer Tester

SSI-RK01 Electronic Replacement Kit

The Dongan Field Service Replacement Kit is a handy way of keeping several universal replacement ignitors and the most common baseplates and replacement terminals for all the most popular OEMs.

Contents

Ignitors: 2 SSI-UR200 Ignitors

Base Plates: 1 E202WN - Wayne 2 E103BK - Beckett

1 E204BK - Beckett 1 E205CR - Carlin

1 E208WN - Wayne 1 E211AR - Aero

1 Accessory / Terminal Pack

XD-UR200, Universal OEM - Iron Core Replacement

The XD-UR200 replaces most OEM Iron Core transformers when equipped with the appropriate replacement base and terminals. It is conveniently designed to allow the attachment of many competitors baseplates

LJH-90A® & LJH-90C® Multiformer Universal Transformer, 10,000 Volt M.P.G.

LJH-90A, 120 Volt Primary

LJH-90C, 240 Volt Primary

(Other voltages available on request)

(Not Suitable for SSI Series)

- Checks Transformers under Actual Operating Conditions
- Checks Mid-Point and End-Ground Transformers
- Checks Line Voltage
- Rugged Steel "Tool Box" Carrying Case
- Analog Input / Output Meter

H.V. Cable

GT-10 10,000 volt spark cable

GT-15 15,000 volt spark cable

Warranty & Cross Reference Data

Dongan Electric Manufacturing Company (Dongan), at Dongan's option, warrants to the original purchaser to correct by repair, refund of the original purchase price, or replacement, ignition transformers/igniters that fail within a three year warranty period.

Said warranty applies from the date of manufacture, provided the product has been installed, operated and maintained in accordance with all accepted industry practices and standards, that conditions of operation have been normal at all times, and that the product has not been subjected to any undue stress from excess voltage, frequency, load, or insufficient or inadequate ventilation.

Prompt written notice of any defect must be submitted to Dongan within the warranty period as provided above. The warranty applies on condition that Dongan's examination determines that the warranty claim is valid as submitted by the original purchaser.

Dongan's obligation under this warranty is in lieu of all other warranties expressed or implied including any warranties of merchantability and fitness for purpose and is limited to a refund of the original purchase price, replacement, or repair of the defective product.

Dongan will not be liable for any incidental, consequential, contingent or special damages, including loss of use, function or profits arising out of or in connection with the use of Dongan's products, and shall have no other liability for payment of any other damages. The remedy provided herein is Dongan's entire liability and the purchaser's sole remedy.

Transformers and Custom Magnetics

Factory and Local Warehouse

Stocks for:

- Industrial Control Transformers
- General Purpose Transformers
 - Single Phase
 - Three Phase
- Motor Drive Isolation Transformers
- Control Transformers
- K - Factor Transformers
- High Voltage Ignition
 - Gas Ignition
 - Oil Ignition
 - Solid State
- Transformer Lighting Disconnects
- Signaling
- Hospital Isolation
- Epoxy Encapsulated
- CE Marked Transformers
- Constant Voltage
- Auto Transformers
- High Voltage Transformers
- Solar and Wind Energy Transformers
- TP1 DOE Energy Efficient Transformers

Custom Designs Available:

- Domestic & Export Voltages
- Custom Colors
- Special Frequencies
- Custom Enclosures
- Match Current or Custom Dimensions
- Core & Coil Units
- CE Marked Transformers
- Chokes
- Reactors
- Comprehensive Family Approvals for
