

JOURNEYMAN

Snips

State-of-the-art, dual-material handles provide a better grip without sacrificing tool strength or durability

Meets or exceeds ASME B107.16M performance standard

Long-lasting serrated forged steel blades for superior strength and durability

Soft touch grips for maximum control and comfort

Tip-Ident™ for easy identification

Hard, colored material for toughness and durability

Premium corrosion-resistant plated handles

Self opening latch

MADE IN USA

Standard Snips

Heavy gauge handles

Contoured plastic handles for comfort

US Patents: D623498, D631322

Snips - Aviation/Bulldog/Offset

- Journeyman™ snips are spring-loaded for self-opening action
- Latch keeps jaws closed when not in use
- Cat. Nos. J2100L, J2101R and J2102S feature exclusive Klein Curve™ handles for natural hand positioning and ease of use
- Handles are color coded by cutting pattern

J2101R
