A Tradition of Quality and Innovation.

In 1970, R. H. Bettag founded a manufacturer's sales rep agency under the name of Bettag & Associates, Inc. which specialized in refrigeration equipment, walk-in coolers, freezers and similar equipment. Shortly after, the agency became a leader in its field, performing processes such as engineering, equipment sizing, and installation. The Bettag & Associates name is still well known today by wholesalers across the country in the refrigeration trade. Eight years later in 1978, RDM Products Division was born to take care of the need for quality enclosures for outdoor condensing units.

State of the Art Machinery & Equipment

In order to provide the highest degree of quality possible, we have assembled computer guided, numerically controlled equipment which allows RDM to fabricate parts efficiently, consistently within design specs, and without error. Our skilled operators are thoroughly trained and experienced with the latest equipment for precise sheet metal fabrication.

Large Inventory of Raw Material

- 304 #3 Stainless Steel
- 304-2B Stainless Steel

Metal Fabrication

RDM Products is capable of manufacturing high quality parts or complete units for other manufacturers or individuals who have an idea and no equipment. With our CNC equipment, we have the capability of reproducing parts at the highest possible duplication rates and accuracy. RDM is capable of working from technical drawings to hand made sketches using various metals. We stock Aluminum and Steel (i.e. Stainless, CRS, HRS, Galvanized, Galvanneal, et.) in large quantities allowing for on-time production of parts.

Wire Fabrication

RDM Products also has a Wire Fabrication Department providing custom parts for our customers. Our wire products have included items such as:

Magazine Racks

Shelving

Fan Guards

Display Shelves

Forms made from both Stainless and Basic Brite Wire.

Custom Products

RDM has provided a wide range of parts spanning through many trades and industries. Some of our most popular include:

- Roof Flashing
- HVAC Cabinets
- A/C Pads
- Audio Storage
- Park Equipment
- Electrical Enclosures
- Noise Reduction Panels
- Theft-Deterrent Cages
- Motor Enclosures
- Control Cabinets
- Sporting Goods
- Food Service Equipment
- Warehouse Storage Racks
- Pizza Ovens

Specialty Welding

Product reliability is dependent not only on the raw materials selected, but also on the methods used to assemble the finished items. RDM will suggest materials best suited for your specific application and will employ the latest equipment and techniques to ensure strong, uniform welds. We are experts in all forms of specialized welding to assure you of the product strength and durability you require.
