

SERIES RHP REGULATORS

Piston actuated seat for durability Easy-to-read single scale 2" gauges

Steel case construction with

polycarbonate lens

Protective rubber gauge boots

Porous metal inlet filter

Fine mesh filter screen between

inlet and seat

T-handle for ease of pressure adjustment For all your testing and evaluating needs

Also can be used for operating pneumatic tools such as nail RHP200 guns and impact wrenches

RHP400

Purging and pressure testing regulators. Designed for the HVAC-R technician RHP800

RHP800 RHP1500

For high pressure testing applications

RHP3000 RHP3680

For high pressure testing of cylinders & vessels

MAXIMUM INLET 3000 PSIG
