

Easy is smart business.

Its simple design and new frosted display blend into the background. With proven energy-saving features, the Nest Thermostat E can help your customers save from day one. And they can change the temperature from anywhere. Easy.

Features:

The Nest Thermostat E works with most 24V heating and cooling systems.

Easy to control.

Customers can change the temperature with the Nest app.

Voice control.

Adjust the temperature with voice-activated Google Assistant or Amazon Alexa.

Easy to save.

Same proven energy-saving features as the Nest Learning Thermostat.

Simple design.

The frosted display blends into any home.

Know when something is wrong.

Nest can send remote alerts if a system needs attention.
