Product Hef-T-Pad Plastic Equipment Pad

Application Equipment Pad

Indoor/Outdoor Use indoor/outdoor

Purpose Hef-T-Pad™ is an injection molded equipment pad created from high impact polypropylene with UV inhibitors making it easy to handle, yet durable and strong. It does not require any additional equipment for moving and handling. It is resistant to impact, ultra violet degradation and weathering and will not crack, flake or warp. The Hef-T-Pad™ is virtually impervious to climatic variations. It is drillable to permit installation of refrigerant and electrical lines under and through the pad and to allow equipment to be easily secured to the pad.

2" PADS		
CATALOG NO.	SIZE	ESTIMATED ALLOWABLE LOAD
X2424211	24" x 24"	173 pounds
