E-Z-Trade Guarantee (Stock Rebalancing Program)

We recognize that *your* location may tend to sell more of certain items and less of others, so we'll try to make it easy to trade any slower-moving stock for faster-moving stock:

Try the Package Deal for at least 90 days. If you find that you have some items that are selling slowly, we will be happy to exchange them for any other items above, total-cost for total-cost. You may even do this more than once. All we ask is that you return any products in resellable condition, and pay for the shipping.

We want you to be profitable! (*If you are, we will be too!*)
