Kit Includes:

- Drain Sucker & Hoses
- PurCool® Shock Tabs
- PurCool® Pan Strip Treatment
- All Fittings for Suction or Pressure Applications

A/C condensate drain pan overflows are a very common and costly service problem. The overflows are caused by slime and sludge that builds up and clogs the drain line. The **A/C Drain Sucker** quickly removes the clog and the excess water, resolving the overflow problem. The kit also includes PurCool® Shock Tablets to clean and treat the remaining slime and sludge in the pan and lines, and a PurCool® Pan Strip to provide months of preventive treatment and free flowing drains.

Part #CADS1 Patent Pending
