The HARTELL KT-15 series condensate pumps are manufactured to meet the demand for high quality, standard performance, condensate removal pumps. These pumps are warranted for one year and provide reliable operation in the vast majority of HVAC applications.

The standard of condense pumps. The KT-15 will provide years of trouble free service. With 15' maximum lift, nearly all installations can be managed with this pump. A high impact, corrosion resistant, ABS plastic reservoir combined with a stainless steel motor shaft makes this pump ideal for gas condensing furnace application.

The KT-15 has the following features :

- with stainless steel shaft.
- Suitable for gas condensing furnace application.
- Full-flow check valve included.
- 1 year warranty.

NOTE: Picture shows pump models with an "X" in the model # which includes 2 yellow wires for safety auxiliary switch.
