

Carbon Monoxide Detector Adapter

Monitor CO on smartphones and UEi Clamp meters

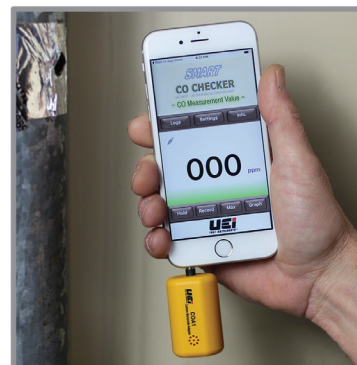

Functions

- Co reading direct on your device or UEi clamp meters
- Reads up to 999 ppm CO
- Detects CO to 1 ppm

Features

- Use with compatible iPhone or Android smart phones
- Free App displays 3 visual danger levels
- App allows logging and emailing capabilities
- Compatible with select UEi clamp meters: DL429, DL389, DL379B, DL379
- Clamp meter use requires clamp head adapter CHA1 (not included)
- CHA1 available with a COA1 online product registration
- 1-Year limited warranty

CHA1 is compatible with UEi Clamp Meter models DL429, DL389, DL379B and DL379 only.

Range	Resolution	Accuracy	Ambient Temperature
0-999 ppm	1 ppm	±(3% of reading + 1 ppm)	32° to 104°F (0° to 40°C)

• Designed for ambient testing only. Do not place in flue gas or warm air streams.
