

SURE-FLO DESCALING SYSTEM

NEW!! For Maintenance of Tankless Water Heaters

Don't miss the opportunity that the tankless maintenance business presents, implement the SURE-FLO system today. Offer your customers a maintenance program for their equipment investment while you increase your profits.

F10 SURE-FLO

System includes:

- 1 Solution pump
- 1 Bucket with snap-on lid, 5 gal.
- 1 Lime Dissolver Plus Solution, 1 qt.
- 1 Acid Neutralizer Powder, 1.5 lb.
- 2 Hoses, 5 ft.

Replacement chemicals

F10-4 Lime Dissolver Plus, 1 qt.

F10-5 Acid Neutralizer Powder, 1-1/2 lb.

Features/Benefits

- ❖ Safe and easy to use.
- ❖ Odorless solution.
- ❖ Color change indicates de-scaling is complete - No guesswork.
- ❖ Effectively flushes tankless water heaters to restore maximum efficiency and peak performance.
- ❖ Avoid costly repairs due to clogged heat exchangers.
- ❖ Most manufacturers require coil cleaning annually. Scale build up voids the manufacturers' warranty.
- ❖ Acid neutralizer restores proper ph - making used solution acid/alkali neutral for safe disposal.

As with all chemicals, please follow guidelines in accordance with local regulations
