

Raindrop™ is for portable and central humidifiers. Controls foul smelling odors and growth of slime through bacteriostatic action. Keeps pads clean and soft for more efficient operation.

CHARACTERISTICS:

-
- EPA Registered
 - Controls odor and slime
 - Keeps humidifiers clean and efficient

APPLICATIONS:

Raindrop™ does just two simple jobs. Upon dissolving in the humidifier water it provides a pleasant masking fragrance which immediately hides the foul odor. By the time it fades away, the powerful bacteriostat has taken care of the bacteria and has eliminated the source of bad odor. When used according to directions, it will inhibit the growth of the following organisms: Thermoactinomyces vulgaris, Pseudomonas effusa, Pseudomonas aeruginosa, Bacillus circulans, Bacillus licheniformis, Bacillus megaterium, Aerobacter aerogenes and Escherichia coli. **PACKAGING:**

INSTRUCTIONS:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For up to 10 gallons of water, start treatment by dropping 12 tablets into humidifier reservoir or drain pan of air conditioner. Apply 12 additional tablets every 3 months or whenever odors occur. Treatment may be more effective if drain pan or reservoir is emptied and cleaned before each tablet application.
