998HP-05

998LP-01

- 5 year warranty – recommended replacement 25 years.
- UL listed and all standard approvals.
- Temperature rating –40 to 130°F.
- 1/8" pressure taps with #54 orifice on all inlets and outlets.
- Molded diaphragm and large surface GLT Viton seat disc.
- Superior performance – 100% tested – dimensionally interchangeable.
- Lower profile for better dome lid clearance – perfect for underground tanks.
- Screened inlets on all second-stage regulators.
- Stainless steel screw and internal linkage assemblies.
- Seal on body flange to identify tampering.
- All aluminum body, corrosion resistant finish.

★ STOCKED IN C.D.C.
