BOILER DRAINS

 #12BDBT	
#12BDBT Stocked in CDC	1/2 " male npt/sweat x hose bib 1/4 turn- t handle - brass **PATENTED**
<p>1/4 TURN BOILER DRAIN - PATENTED ITEM</p> <p>Raven Products has introduced a 45° 1/4 turn boiler drain, available in 1/2" and 3/4". This handsome nickel plated Boiler Drain provides speed and efficiency by utilizing a reliable 1/4 turn ball valve. The 1/2" boiler drain offers the flexibility of a dual pattern combination sweat or threaded end connection. The 45° angled BIB connection provides an easy connection and prevents hose kinking. This product will provide the benefits of the ball valve anywhere a conventional "gate valve" boiler drain or sillcock is required.</p> <p>APPLICATIONS:</p> <p>The Raven Products 1/4 turn boiler drain will provide the benefits of the ball valve anywhere a conventional "gate valve" boiler drain or sillcock is required.</p> <p>FEATURES:</p> <ul style="list-style-type: none"> - 1/2 " male NPT/sweat X Hose BIB - model - 3/4" male NPT/sweat X Hose BIB - model - Nickel plated forged brass body - 1/4 turn ball valve - Maximum operating temperature 300 (F) - Minimum operating temperature 32 (F) with water, 5 (F) without water in valve - Maximum operating pressure : 360 psi - Low operating torque - Suitable for a full range of liquids - Adjustable stem packing gland - 45 degree angled BIB spout for convenient connection and anti-kinking - Extended threads on BIB spout secure connection
