

Get \$25 off the Nest Learning Thermostat this cooling season.

Designed with HVAC pros in mind. Save \$25 on the Nest Learning Thermostat (4th gen) at your local stocking distributor, now through June 30.¹

Works with more systems than any other Nest thermostat.

It's compatible with up to 4H 2C, including heat pump, ventilation, and central humidifiers and dehumidifiers.

Helps you build long-term customer relationships.

HVAC System Health Monitor looks out for system issues and can send customers an alert with your contact info if something's wrong.²

Quick and easy to install.

With Automated Pro ID, your technician only has to enter your Pro ID once, and their phone will remember it and automatically add it on future installs.

A big opportunity for your business.

Heat pumps are in demand – and Nest thermostats make them even better, with intelligent features built in to maximize comfort and savings.^{3,4}

Remember to take advantage of the everyday low price on the Nest Thermostat.

Don't miss out on the benefits of being a Nest Pro. Sign up today at g.co/nestpro

1 Valid April 1 to June 30, 2026, while supplies last. Offer cannot be combined with other offers, is not transferable, and is not valid for cash or cash equivalent. Terms and restrictions may apply.
2 List of eligible HVAC systems is available at g.co/nest/hvac-monitoring. Alerts can notify users of a potential issue with an eligible HVAC system. They're meant to provide helpful information, not an endorsement, representation, or warranty of any kind about the health of an HVAC system. HVAC System Health Monitor is only available to registered Nest Pros. A person with legal signing authority for the Pro company can register for a Pro ID at g.co/nestpro. HVAC system alerts will surface the information of a Pro company if the Pro company is enrolled in HVAC System Health Monitor and a Pro ID is entered on the thermostat. 3 Nest thermostats are not compatible with heat pumps that require a special closed protocol communicating thermostat.
4 Not available on the 1st or 2nd generation Nest Learning Thermostat.
